

Please describe any internal changes experienced relative to pain and tissue inflammation:

Less gas pain and easier digestion.

We need the assistance of those who are using Hemp Hearts. Your reply will be used on an informational web site to defend Hemp Hearts against US government and other challenges.

For almost ten years we have been manufacturing and marketing a food product called Hemp Hearts (shelled hemp seed) which, by laboratory analysis, is an excellent source of protein, omega fats and essential nutrients, but which contains virtually no sugar or starch.

Please describe yourself and the length of time that you have been using Hemp Hearts:

I've been using hemp hearts for approx 1-1/2 years. 44 years old female with IBS. Having suffered years of constipation hemp heart have improved energy & digestion.

We advise customers that Hemp Hearts should be eaten for breakfast with unblended raw fruit and vegetables (no fruit for diabetics) so that the long fibers in these foods will knit wastes together to ensure that individuals are not too loose, but that they clean out thoroughly.

Please describe your experiences regarding digestive health and Hemp Hearts:

Again, the claims made are not exaggerated. I am very happy with the digestive health provided by Hemp Hearts.

We advise customers that Hemp Hearts should be eaten for breakfast with unblended raw fruit and vegetables (no fruit for diabetics) so that the long fibers in these foods will knit wastes together to ensure that individuals are not too loose, but that they clean out thoroughly.

Please describe your experiences regarding digestive health and Hemp Hearts:

Digestion seems better
